

SHUT THE LID

BE A LID CHAMPION!

Every business needs someone to **take the lead** on keeping dumpsters closed. That's where the Lid Champion comes in.

WHAT IS A LID CHAMPION?

A Lid Champion is the go-to person who helps make sure dumpster lids are closed, the area stays clean, and teammates acknowledge why this is so important.

WHAT A LID CHAMPION DOES

- **Keeps lid-closing top of mind** by giving coworkers a friendly reminder when needed.
- **Takes a quick look at the end of a shift** to be sure lids are closed.
- **Helps the dumpster area stay neat** and ready for collection day.
- **Speaks up if something makes closing the lid harder** (like a heavy lid or blocked access) so it can be fixed.

WHY IT'S IMPORTANT

- Keeps away pests and bad smells
- Prevents polluted water ("dumpster juice") from reaching local streams and rivers
- Helps your business look clean and professional
- Makes pickup day easier and safer for haulers

Pro Tip:

Pick an alternate Lid Champion to cover shifts when the main champion isn't around.

Some businesses also **recognize their Lid Champion with small incentives or shout-outs.**

SHUT THE LID

**WE PLEDGE
TO SHUT OUR
DUMPSTER LIDS.**

We believe a successful business depends on a **healthy community** and **clean water**. We are partners in protecting our local waterways and stopping the flow of dumpster juice by pledging to keep our dumpster lids shut!
